

EEMTM Injection

INTRODUCING A COST-EFFECTIVE EFI SOLUTION

Walbro's EEMTM Injection System replaces the carburetor with an affordable electronic fuel injection system.

- Developed specifically for 100cc to 250cc scooters and motorcycles
 - Meet European emissions standards
 - Expands export sales opportunities
- Cost-effective design
 - Easy bolt-on design with minimal changes for lowest EFI installation cost
 - Minimal sensor requirements for lower cost
 - Reduced catalyst cost
 - No secondary air system required
- Improves performance
 - Increased horsepower
 - Improved fuel economy
 - Improved starting

WALBRO IS YOUR TOTAL EFI PARTNER

Exhaust emissions standards around the world are getting more stringent and enforcement is getting stricter. Walbro will provide the engineering support you need to comply with these tough standards and avoid large penalties.
