

Walbro Electronic Fuel Injection Upgrade Kit Order Agreement

Agreement to Purchase: You agree to purchase Walbro's Electronic Fuel Injection kit (the "Kit") pursuant to the terms and conditions of this Agreement.

Purchase Price, Taxes and Shipping Fees: The purchase price of Walbro's Electronic Fuel Injection upgrade kit is \$899.00. In order to qualify for purchase a \$100.00 refundable pre-order deposit is required. Please note that Walbro will be accepting pre-orders for the kit through July 31, 2020. At the close of the pre-order period Walbro will then decide if adequate demand exists to proceed with filling orders for the Kit. Taxes and shipping are dependent upon where the Kit is sold so will vary with each purchase. The final price of the Kit will be determined at check-out using Walbro's on-line ordering system.

Program cancellation: At the close of the pre-order period Walbro will decide whether to proceed with filling orders for the Kit, or cancel the pre-order program and refund the \$100.00 pre-order deposit to each customer. Walbro shall refund the deposit to the buyer within 20 (twenty) days starting from the date the buyer receives the communication advising the unavailability of the Kit. This amount will be credited to the buyer using the same payment method used for providing the deposit at the time of order. Walbro shall not be liable for any delays in the crediting of refunded amounts that are due to the banking houses used by buyers to perform payment.
